

# Adlerian Psychology Training Opportunities *and CEUs* offered to IDAHO Mental Health Professionals presented by

## Idaho Society of Individual Psychology

### Why is this **TRAINING** so **IMPORTANT** for ME?

- **To increase your competence, effectiveness, and confidence** by mastering and integrating the Adlerian Psychology model into your **counseling, social work, therapy, psychology, or parent education practice.**

- **To be a part of a society of professionals** that strives to better understand and encourage the best in humanity with all its flaws and its amazing powers.

- **To study with experienced professionals** who can help you develop a better understanding of yourself and others, and thereby increase your effectiveness as both a professional and as a person.

- **To benefit from a valuable continuing education opportunity** and gain CEU and Graduate Continuing Education credit.

- **To earn a**

**CERTIFICATE OF PROFESSIONAL STUDIES  
IN ADLERIAN PSYCHOLOGY**

and a

**CERTIFICATE OF ADVANCED PROFESSIONAL  
STUDIES IN ADLERIAN PSYCHOLOGY.**

### Why ME?

To **CONNECT** all your Professional/Educational experiences to a:

- Structured • Comprehensive • Effective

**MODEL of counseling and personal growth!!**

### About the *Idaho Society of Individual Psychology (ISIP)*

ISIP, a non-profit 501(c)3 corporation, was formed in 1977 and its sole mission is to further Adlerian training. Each year two workshops are offered in each of the cities where training is provided, leading to Certification of Professional Studies in Adlerian Psychology.

ISIP also offers two workshops every year in Boise leading to a Certificate of **ADVANCED** Studies in Adlerian Psychology. Over 329 counselors, social

workers and therapists have graduated from the **SERIES**. More than 59 mental health professionals have completed the necessary 5-course requirement of the **GRADUATE PROGRAM**.

A large number of mental health agencies take advantage of the 20% discount for sending 3 or more from their agencies.

These are the folks who are out there in the “white water” when it comes to providing mental health services to their communities.

We invite you to visit the website
