Adlerian Family Therapy

About this Learning Opportunity

The Idaho Society of Individual Psychology has been in existence since 1977. In recent years, ISIP's membership has grown primarily due to the interest in the training and opportunities for CE credits for social workers of all levels, counselors, and other mental health professionals. ISIP is dedicated to bringing quality education to practitioners in order to increase their professional skills in serving a wide variety of client needs.

The SERIES described below began in Boise, October 2001, with over 357 graduates to date. **The SERIES** began in Lewiston, May 2004, and in Pocatello May 2005.

The SERIES of workshops leading to a **Certificate of Professional Studies in Adlerian Psychology** are:

#1 *Adlerian Theory of Personality*

Development and Family Functioning

#2 *Adlerian Psychotherapy*

#3 *Adlerian Family Therapy*

These workshops **may be attended in any order**. Completion of all three workshops, plus attendance at one ISIP Annual Conference, enables an individual to receive the **Certificate of Professional Studies in Adlerian Psychology**.

"Anyone trained in Adlerian Psychology knows what to do the first time they sit down with a client and through the process."

Wes Wingett, Ph.D. & Steven Maybell, Ph.D.

Workshop Description

Participants will learn the Adlerian Family Therapy process, parenting styles and the goals of misbehavior. The workshop will also focus on the Adlerian Therapy process, assessment and treatment considerations and explore family communication strategies – Adlerian Style.

Course Objectives

- Apply Adlerian Psychology concepts and principles in family therapy.
- Understand the impact of the "Democratic Revolution" on contemporary family relationships.
- Assess the parenting style/goals of misbehavior and support families in developing relationships based on mutual respect.
- Incorporate Lifestyle Assessment into Family Therapy.
- Learn creative Adlerian Psychology applications with younger children.
