About this Learning Opportunity

The Idaho Society of Individual Psychology has been in existence since 1977. In recent years, ISIP's membership has grown primarily due to the interest in the training and opportunities for CE credits for social workers of all levels, counselors, and other mental health professionals. ISIP is dedicated to bringing quality education to practitioners in order to increase their professional skills in serving a wide variety of client needs.

The *SERIES* described below began in Boise, October 2001, with over 367 graduates to date. The *SERIES* began in Lewiston, May 2004, and in Pocatello May 2005.

The *SERIES* of workshops leading to a *Certificate of Professional Studies in Adlerian Psychology* are:

- #1 *Adlerian Theory of Personality Development and Family Functioning*
- #2 *Adlerian Psychotherapy*
- #3 *Adlerian Family Therapy*

These workshops may be attended in any order. Completion of all three workshops, plus attendance at one ISIP Annual Conference, enables an individual to receive the *Certificate of Professional Studies in Adlerian Psychology.*
